

Proxxi by Grace is the only wearable voltage detector specifically designed for low-voltage applications ($\leq 1\text{kV}$). It reliably senses 480V at 30+ cm and delivers discreet vibration alerts ideal for high-noise environments. With the Pro Plan, users gain access to a cloud-based dashboard for compliance tracking, usage data, and real-time near-miss insights, backed by the Proxxi Promise, a 1-year warranty, and our **90-day Love It or Return It Guarantee**.

Company	Vibration Alert	Low Voltage Detection ($\leq 1\text{kV}$)	Custom Sensitivity	Wearable Form Factor	Mute Option	App: Configuration & Data	Standalone Detection	Battery Life (Hrs)	Pro Plan (Dashboard, Warranty, Promise)

Pro Plan:
Dashboard Access: Unlock cloud-based insights with real-time alert logging, near-miss data, device usage tracking, and compliance monitoring across teams and sites.
1-Year Warranty: Includes full hardware replacement coverage for defects or failures during normal use.
Proxxi Promise: We pay up to \$100,000 toward medical deductibles if a worker is injured while properly using a Proxxi Band.
